FOR LENDERS, PARTNERS & PAST CLIENTS

The team your clients will thank you for.

Adam Schwartz and his wife Mandi lead SAA Homes — Northern Colorado's data-driven real estate team. They publish monthly market reports, work the corridor daily, and bring 20+ years of combined experience across Fort Collins, Loveland, Windsor, Greeley, Boulder, and the communities in between.

How we help buyers

- **Saved searches & listing alerts** so the right home is not missed
- **Nadia**, our AI assistant, for questions around the clock
- **CHFA & down-payment guidance** with local participating lenders
- **VA loans** plus Adam's pledge: **0.5% of the purchase price back to veterans**
- **Assumable-mortgage expertise** when a lower rate is already in the house

How we help sellers

- **Free, city-specific market reports** — recent sales, competition, and a recommended launch price
- **Data-driven pricing strategy**, not a Zestimate
- **Professional marketing** — photography, listing exposure, and a campaign built to create demand
- **Luxury division** for \$1M+ homes: discretion, neighborhood comps, white-glove execution
- **Pre-listing checklist & staging advice** so the first impression is the one that sells

FOR THE REFERRER

We take care of our partners.

When you send someone to Schwartz and Associates, they get a named team — and you get a thank-you, handled the way Colorado allows. We do not invent commission promises, and we never put a number on this page we cannot stand behind.
